- USB 2.0

Digital Signage + Television : Billboard TV

The LG EzSign TV is world's first TV that comes with signage function. Now you can run your message on the TV screen in the form of billboard TV without additional hardware. Advertisements, information and broadcast content can be arranged on the same screen to attract attention and deliver specific messaging to your customer base.

COST-EFFECTIVE

No media player

Without any additional hardware such as media player, the LG EzSign TV shows live television broadcasting along with signage content using a USB drive.

FAST & EASY

Edit content quickly and easily

Select one of the pre-installed content templates. Simply apply images and add text. It's that easy.

CUSTOMIZED TO YOUR NEEDS

Signage content can be specific to your business

The LG EzSign TV allows you to create your own signage content and make revisions on the fly.

SLEEK DESIGN

Enhance the quality of the customer experience

Its attractive simplicity adds to every retail, restaurant, corporate or public space.

Create your contents in just 4 steps.

STEP 1

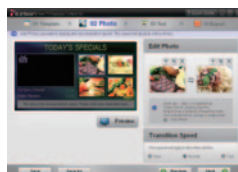

Choose a Template

Choose from a wide array of pre-installed templates.

STEP 2

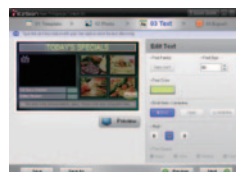

Add a Photo & Text

Drag and drop the image file into the content boxes. Add your message

STEP 3

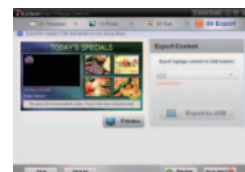

Create The Schedule

Create a time schedule, or duration schedule for all templates.

STEP 4

Send to TV

Export your content to a USB drive or sent through wireless network

VERTICAL UTILIZATION

EDUCATION / GOVERNMENT

Engage your audience in high traffic areas with schedules and informative content that is timely and compelling.

RETAIL

From the window store front to the point of sale, the LG EzSign TV promotes products and special marketing campaigns to induce sales.

RESTAURANTS

Draw your patron's attention with specials and events on the LG EzSign TV.
